

Kanichi KANEGAE - 鐘ヶ江 歓一

As a video artist, based in Tokyo, Japan. Born in 1992. Graduated from Musashino Art University with a major in oil painting in 2017. Completed the Artist Practice 2017 (organized by Arts Initiative Tokyo [AIT], Agency for Cultural Affairs, Government of Japan) in 2018. I look for the form of humor through video medias when people capture objects. I often collaborate with contemporary dancers and performance artists on video works. Also I plan a video screening.
